- **Escaped Ending Puzzle (Applies to all Usernames):**
    - Screen will show "Download Now"; scroll down to find the "Log out" options at the bottom right
    - Visible options are both "No" when asked if you would like to log out; scroll down again and a "Yes" option can be found on the bottom right.
    - The only options are "Come back"; another word for yes is "sure". Click on the word "sure" in the question
    - The option is jumbled up; do not click any of it. The escape key is in black text; located a little below the jumbled text on the left.
- **Puzzle for the True Ending (Applies to all usernames)**
    - Will begin with clicking "ctrl", "alt", and "delete": This opens the task managers
    - From the options, select "more details"
    - From here, select the program "ENDsTOP.exe" and click "END TASK"
    - A/N: Not doing so before the countdown will automatically trigger the Terminated Ending
